Welcome

The Eisenberg Group of Companies is a Coral Springs, Florida based owner, manager and acquirer of industrial and commercial real estate properties. We are proud to be carrying on a family business and tradition that has been successful since 1897, which continues to grow and prosper. Based upon a conservative entrepreneurial approach in the investment and management of real estate, The Eisenberg Group along with our affiliated companies, maintain a core set of values in our analysis, acquisition and management of properties. The Eisenberg Group places a strong emphasis on maintaining excellent landlord – tenant relationships along with being proactive in the operation, maintenance and management of our properties. Our philosophy is to maintain our properties at the level in which we ourselves would want them maintained, as if we were tenants in the property. Our pride of ownership is what sets us apart from most other property owners.
