TESTIMONIAL

"I am writing to say how very pleased I was with your service. You came into a job that seemed to take on a life of its' own, but you always kept me advised of what was happening and when it would happen. At no time was I left in the dark about the progress and that made a difficult job easier. Florida has a reputation for poor service, but your company has proved that to be wrong. I would recommend your work to anyone. Thank you and your telephone staff for the friendly pleasant service. It was very much appreciated. The final result was a working bathtub and a satisfied customer."
